School accounts should be recorded as governmental activities (Fund 500) when the accounts belong to the School District, are used to support school programs and the funds are handled/managed by the teacher, club sponsor, office staff, etc.

Examples:
Athletics, School General Fund (Principal Account), Book Fair, Art Club, Class of 2022, Drama Club, etc.
Classification of Accounts

Custodial Funds

School accounts should be recorded as custodial funds (Fund 705) when the accounts belong to the students and the use of those funds are determined by the student ONLY. No involvement of the school staff.

Individual accounts should not have a deficit balance.

Due to GASB 84, MOST School Districts have determined that all their funds are now considered Governmental Funds and reported in Fund 500.

Segregation of Duties
Segregation of Duties – Cash Receipts

Common Issue:
The same person collects funds, deposits funds, records receipts and prepares bank reconciliation.

Recommendation:
- Designate someone separate from school bookkeeper to receive cash receipts.
- Deposits made by someone separate from bookkeeping.
- Designate someone separate from school operations to prepare the bank reconciliation.
- Principal, or designee, review supporting documentation for receipts monthly.
Segregation of Duties – Cash Receipts

Recommendations:

• Bank Statements could be mailed directly to the Central Office.

• Central Office Staff (A/P Clerk, CNC Bookkeeper, Receptionist, etc.) could perform the bank reconciliation.

• Finance Director could approve the bank reconciliation.
Common Issue:
The same person processes claims and prepares checks.

Recommendations
• Principal manually signs the checks after the review of the voucher package.
• Give club sponsors and others periodic updates of the expenses recorded in the club accounts.
Cash Receipts
Common Issue:
Gate Receipts not properly reconciled.

Recommendation:
- Reconciliations should be prepared including beginning and ending ticket numbers.
- Variances should be investigated.
- Reconciliations should be reviewed and approved.
Common Issue:
Fund Raiser not properly reconciled.

Recommendation:
Receipt or Receipt Log should be maintained and compared to the deposit ticket information.

Other Common Issue:
The fundraiser did not net a profit or barely broke-even. ALWAYS review the costs versus proceeds.
Cash Receipts

Common Issue:
No supporting documentation is included with receipt.

Recommendation:
Receipt or Receipt Log should include a listing of money collected for number/description of items.
Common Issue:
Receipts not deposited timely.

Recommendation:
- Deposits should be made in accordance with policy.
- If policy does not designate the amount and time limit of deposit, best practices would be no more than $100 within 3 business days.
Cash Disbursements
Cash Disbursements

Common Issue:
Purchase Orders are approved after the check date and/or after the invoice date.

Recommendation:
Expenditures (Purchase Orders) should be approved prior to purchase by appropriate personnel.
Common Issue:
Voucher packages do not contain supporting documentation (i.e. invoices, purchase orders, evidence of receipt).

Recommendation:
A complete voucher package should include copy of check, approved purchase order, invoice and documentation of receipt.
Common Issue:
Purchases not recorded in the correct period and not coded correctly

Recommendation:
Expenditures should be recorded in the period the liability is incurred and in accordance with State Chart of Accounts.
Cash Disbursements

• Actual Vendor Name should be identified in the general ledger, not “One Time Vendor”.
• Checks should not be written to “Cash”.
• Employees should not be given Blank Checks.
• Prior approval is required when making purchases with the purchasing credit card.
• Payroll and Travel Disbursements should be paid from the Central Office Accounts to ensure that the transactions are reported to State Accounting Office, as required.
