Georgia Department of Audits & Accounts
STATUS OF ENGAGEMENTS

• 44 FY21 reports released – we are behind in number released to date due ESSER federal compliance issues.
• 36 reports in the manager review or further stages.
• 37 audits ongoing with crews.
• 20 audits not started
• Should have all FY21 audits released by end of Summer.
REPORT CLOSEOUT UPDATES

• DOAA is continuing to use DocuSign to obtain required signatures during the closure process.
  • The order of signatures is finance director, board chair, superintendent.
  • The finance director has to sign off before it is forwarded to the board chair and so on.
  • Please check your junk folders.
  • If you can’t locate email, contact your audit manager to resend it.
O.C.G.A. §50-6-6(a) – It shall be the duty of the Department of Audits and Accounts thoroughly to audit and check the books and accounts of the county superintendents of schools and treasurers of local school systems, of municipal systems, of the several units of the University System of Georgia, and of all other schools receiving state aid and making regular and annual reports to the State School Superintendent, showing the amount received, for what purpose received, and for what purposes expended. All such funds held by officials must be kept in banks separate from their individual bank accounts.
DOAA BACKGROUND

• DOAA is appropriated funds by the Georgia Assembly each year to provide our services at no cost to the School Districts in Georgia.

• We perform the external financial audit for the State of Georgia, college and universities, and local school districts complying with generally accepted auditing standards issued by AICPA.

• DOAA is the external auditor for 130+ School District clients in Georgia.

• 128 staff with advanced degrees or certifications.

• DOAA spends roughly 5% of available working hours on training our staff.
ANNUAL AUDIT REQUIREMENTS

Senate Bill 68

§ 20-2-67
The Department of Audits and Accounts shall designate local school systems that have had reported irregularities or budget deficits for three or more consecutive years as high-risk local school systems and shall designate local schools systems that have had reported irregularities or budget deficits for one year or two consecutive years as moderate-risk local school systems.
ANNUAL AUDIT REQUIREMENTS

FMGULA states:

“If a local board contracts with a CPA firm to perform the annual audit, a copy of the contract and engagement letter must be provided to the GA DOA no later than July 15th...Failure to comply with this report may result in GA DOA scheduling an audit even though a CPA has been contracted to provide one.”
ANNUAL AUDIT REQUIREMENTS

- Senate Bill 68 (SB68) has imposed additional requirements on both DOAA and local school districts, which went into effect July 1, 2021.

- DOAA has allowed some School Districts to received an audit by a CPA firm to meet the requirement of O.C.G.A. 50-6-6, this does not relieve the DOAA of its responsibilities under statute.

- DOAA may request more information or decide to perform additional procedures to ensure we meet our statutory obligations.
ANNUAL AUDIT REQUIREMENTS

New Annual CPA Audit Request Process to be Implemented:

• New process formalizes requirements that were already in place and allows DOAA to better plan and utilize resources.

• All requests must be submitted annually by July 15 – for the upcoming audit cycle. (Submit July 15, 2022, for FY22 audits)

• School District that submits form after deadline could be subject to DOAA performing an audit regardless of status of request.
ANNUAL AUDIT REQUIREMENTS

New Annual CPA Audit Request Process to be Implemented:

• Request form will be available on our website by May 23, 2022.

• School District will need to document reason they are requesting a CPA firm to complete their annual audit.

• A request does not preclude an audit by DOAA.

• DOAA will respond within a week to all requests.
NEW CLIENT SERVICES

SPLOST Audits

• Will be completed under performance audit standards
• Template and program in final review stages
• First round of SPLOST audits to be completed this Summer with the hope to eventually merge up the financial audit and SPLOST audit.
• Should not add a large amount of additional work – once in rotation of audit work.
NEW CLIENT SERVICES

SPLOST Audits

• We will be able to use and rely on work already being performed during our financial audits.
• Service will be provided at no cost to the School District.
• Service is open to all School Districts.
• If you are interested, please contact me or your audit manager.
NEW CLIENT SERVICES

GASB Implementation Consulting Services

• Currently developing plans to have GASB Implementation crews to help School Districts with implementing new standards.

• Service will be provided at no cost to the School District.

• Service is open to all School Districts.

• If you are interested, please contact me or your audit manager.
COMMUNICATION CADENCE

DOAA is working on putting in place concrete cadences to communicate with our clients.

• Striving to implement processes that allow for continuous and routine communication.

• Please let me know if you have specific items you would like to see in our plans.
ACCOUNTING AND REPORTING ISSUES
Senate Bill 68

How is our School District’s risk designation determined by DOAA?

- Bill defines high risk and moderate risk LEAs
  - High risk = LEA that has reported irregularities or budget deficits for three or more consecutive years.
  - Moderate risk = LEA that has reported irregularities or budget deficits for one year or two consecutive years.
- Irregularities – Internal control findings - significant deficiency or material weakness (excludes findings like FS Prep)
- Budget Deficits – opinion units that present a deficit as a result of a lack of controls over the budget process.
My School District is moderate risk. What does that mean to us?

Moderate Risk Consequences

• Submit a corrective action plan approved by the local board of education to GDOE within 120 days of receiving notice of designation from GDOE.
• Superintendent will be required to complete training on financial management and financial governance of a local school system.
My School District is high-risk. What does that mean to us?

High Risk Consequences

• Submit a corrective action plan approved by the local board of education to GDOE within 120 days of receiving notice of designation from GDOE.

• Superintendent will be required to complete training on financial management and financial governance of a local school system.

• All board members will be required to complete training regarding his or her own local school system’s most recent audit findings and the risk status of the local school system.
SENATE BILL 68

• DOAA reports to State Board at GDOE quarterly.

• 101 audits have been released since SB68 went into effect July 1, 2021, through March 31, 2022

• Nine have been designated as moderate risk.

• 15 have been designated as high-risk.
SENATE BILL 68

• All high-risk board member trainings have been completed except for the two School District’s that were designated in the last quarter.

• Superintendent training for moderate and high-risk School Districts has been held twice (GAEL and Bootstrap)

• New board member training has been held twice in conjunction with GSBA trainings.
STANDARDS AND OTHER UPDATES
GASB 87 - LEASES

- Objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments.

- Requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognizes as inflows of resources or outflows of resources based on the payment provisions of the contract.
GASB 87 - LEASES

Two Types of Financing Arrangements that DO NOT fall under GASB 87

• *Short-term Leases* – maximum possible term of 12 months – including the option to extend. NO option to renew – renegotiate lease every year.

• *Financed Purchases* – a contract that transfers ownership to the School District at the end of the agreement. (energy efficiency agreements, school bus financed purchases)
1. Auditor will request documentation of consideration of the School District’s leases and reporting.
2. Verify the accuracy of the various components of the leases including lease term and valuations.
4. Review the financial statement disclosures to ensure completeness.
GASB 87 - LEASES

• Remember that School District’s could be the lessor
  • Renting school buildings to other organizations would make you the lessor under GASB 87.

• Maintain all documentation surrounding GASB 87
  • Determination of any lease activity
  • Amounts for separate components of leases (maintenance, supplies, etc.)
  • Calculations for various components of lease activity
  • Support for journal entries
STATEMENT OF AUDITING STANDARDS - NUMBER 134 THROUGH 140

- Statements of Auditing Standards (SASs) Nos. 134 through 140

• Key Audit Matters (KAMs)
  • Significant matters in the audit of financial statements
    • Areas of higher risk of material misstatement
    • Areas of FS that involve significant management judgment
    • Significant events or transactions during the period
  • KAMs provide greater transparency and insight to the FS users

• Enhanced Communications
  • Additional communication to those charged with governance regarding significant risks identified during planning.
KEY IMPACTS OF NEW AUDITING STANDARDS
SAS 134-140

• Related Parties
  • Additional procedures for related party transactions
  • Procedures will ensure completeness and accuracy

• Other Information in the Auditor’s Report
  • Auditor’s responsibility is to perform procedures over other information is limited to considering if a material inconsistency exists between it and audited financial statements.

• Consideration of Fraud
  • Updated definition of “significant unusual transactions” and updated required inquires of management and audit procedures.
